VOLUNTEERING

Seasonal work at The Ronald McDonald House

Jacket Drive at West Forsyth High School

Orientation Leader at New York University

PROFILE

Innovator and designer, I aim to create pieces and designs that leave a lasting impression. With the skills and knowledge I've obtained through working on countless diverse projects, I am confident in my ability to make an impact in the industries I pursue.

EXPERIENCE

FREELANCE WORK - 3D ANIMATION AND VFX
Independent | Ongoing

- Used Blender to create characters and rigged them for various animation purposes.
- Created realistic and high-poly models for clients to be used in marketing campaigns, videos, etc.
- Hard modeled several products to be visualized and printed as prototypes.
- Removed copyrighted materials from scenes using Adobe After Effects.
- Masked out reflections.
- Color corrected and composited CGI content into live action shots.

GRAPHIC DESIGNER AND SOCIAL MEDIA MANAGER
Command Z | July 2023

- Designed over 30 graphics and posters for a tv show directed by Steven Soderbergh
- Ensured the quality and amount of posts uploaded to social media to secure maximum audience engagement

3D MODELING AND UNITY INSTRUCTOR
ID Tech | August 2021 - July 2023

- Taught Blender 3D design software to over 40 students. Ensured they left with the capacity to create imaginative and high quality animation-ready models to over 40 students.
- Worked with a team of 12 people to watch a camp of over 80 students a week to manage a quality learning environment.

STUDENT LEAD - NETWORKS ASSISTANT
New York University | June 2021 - January 2023

- Lead a team of 8 - 10 people to create several websites and improve existing ones
- Created surveys to ensure our work impacted student's lives positively
- Helped lead and manage multi-department events
- Streamlined communication between students and department heads by creating an email purely dedicated to specific requests
